**A CORK TREE IS NEVER CUT DOWN, ONLY THE BARK IS REMOVED. THE TREE BARK  
RECYCLES ITSELF EVERY 7 YEARS.**

This all natural cork board, also known as BLACK AGGRO CORK SHEETS is one of the most environmentally friendly decorative, acoustic and building materials available. Semi rigid expanded insulation cork board is produced from the natural cork granules created as the by-product of the stopper industry. These cork granules are steam- heated

## INTERIOR DESIGN WITH BLACKCORK

**“It generates comfort, and lets energy flow. It lets internal spaces breathe, improving the well-being inside”**

**We will adapt the chosen plain or 3D Blackcork design for the dimensions of your wall. One can reduce costs by having the plain Blackcork as a background and choosing a 3D design to cover part of the wall as a design feature.**
